

LEADCONNECTICUT

SUPPORTING EDUCATIONAL LEADERS. STRENGTHENING STUDENT LEARNING.

Program Application

LEAD Connecticut is a collaborative effort among several Connecticut and national organizations committed to helping Connecticut school leaders reach new levels of success in improving student learning. As a member of the LEAD Connecticut Community of Practice you will be provided with professional learning opportunities and leadership coaching focused on the specific knowledge and skills required for principals in turnaround school settings. The program begins with professional learning focused on high leverage leadership strategies and continues with site-based leadership coaching and LEAD Connecticut Community of Practice monthly meetings throughout the year.

Participants must commit to monthly community of practice meetings focused on developing turnaround principal leadership as well as identifying and addressing leadership problems of practice. Principals in the Turnaround Principal Program will be provided a LEAD Connecticut trained executive coach with whom he or she will be expected to meet regularly.

District Supervisors/ Superintendents must commit to providing the participant with supervisor support for enrollment in the program, granting release time to participate in LEAD cohort meetings and coaching sessions, and sharing of relevant planning documents, school data, and/or other improvement-related information.

Please complete the information below. **Additionally, please attach the candidate's resume.**
